

CINDERELLA ROCKS

Cinderella, I'm the fella who is totally smitten

The lovebug's here and I've been bitten

You're the greatest talent I've ever seen

Oh I've got to tell you what I mean

Cinderella rocks (Cinderella rocks)

Cinderella rolls (Cinderella rolls)

Cinderella shocks (Cinderella shocks)

And I abandon control (And I abandon control)

When she walks into the room, I just start grinning

No one else can set me a-spinning

It's like they stopped the clocks

Cinderella rocks

She's a rocking rolling superstar

She's the girl we want to meet

She's a moving grooving avatar

Tell us how we can compete!

Cinderella rocks (Cinderella rocks)

Cinderella rolls (Cinderella rolls)

Cinderella shocks (Cinderella shocks)

And I abandon control (And I abandon control)

When she walks into the room, I just start grinning

No one else can set me a-spinning

It's like they stopped the clocks

Cinderella rocks
