

HARD TO MAKE IT BIG

Ella! Where's that lazy good-for-nothing girl?

Ella! Get me breakfast in bed!

Ella! I want tea not coffee and, what's this?
You know I have the crusts cut off my bread!

Ella! Get my mousse and my mascara now

Ella! Wash my ten pairs of jeans

Ella! You're an idle work-shy layabout
And you don't know what working hard means

You don't know what working hard means
You don't know what working hard means
You don't know what working hard means

Oh it's hard, yeah it's hard, yeah it's hard, yeah it's hard
Hard to make it big in the music biz
Yeah it's tough, yeah it's tough, yeah it's tough, yeah it's tough
All we need is a break, oh yes it is
We spend all our days on our make up and hair
Buying new clothes and being seen everywhere
Each night gotta go where the cool crowd is
Oh it's hard to make it big in the biz

Ella! I'm exhausted from the nail bar

Ella! Turn the TV on now

Ella! Look that gorgeous, handsome Simon Prince

If we could only meet him then wow

If we could only meet him then wow
If we could only meet him then wow
If we could only meet him then wow

Oh it's hard, yeah it's hard, yeah it's hard, yeah it's hard
Hard to make it big in the music biz
Yeah it's tough, yeah it's tough, yeah it's tough, yeah it's tough
All we need is a break, oh yes it is
We spend all our days on our make up and hair
Buying new clothes and being seen everywhere
Each night gotta go where the cool crowd is
Oh it's hard to make it big in the biz
