

IT 'AINT WHAT YOU GOT

A rich old man once said to me
"All I know is misery
I got more money than Good Queen Vic
But still I'm depressed and sick"
I said...

It ain't what you got, it's what you do with your lot
That's what makes a life worth living
If we got, we share, if we don't, we don't care
All we need is the joy of giving
You can't buy happiness at the shops
It comes in a hug not a cardboard box
Though everyone around is thinking me, me, me
The more you give, the happier you'll be!

A poor old beggar said to me
I used to be in property
Then the bank foreclosed and down I went
But I've been more content
Because..

ALL: It ain't what you got, it's what you do with your lot
That's what makes a life worth living
If we got, we share, if we don't, we don't care
All we need is the joy of giving
You can't buy happiness at the shops
It comes in a hug not a cardboard box
Though everyone around is thinking me, me, me
The more you give, the happier you'll be!

Money and stuff just drag you down
I'd rather wear a cap than a golden crown
I'll swap you all the treasure sunken in the sea
For an hour with my family!

So to get rich quick, take my advice
Buy up the stuff that's got no price
Love your friends and your family so
Spread happiness wherever you go!

ALL: It ain't what you got, it's what you do with your lot
That's what makes a life worth living
If we got, we share, if we don't, we don't care
All we need is the joy of giving
You can't buy happiness at the shops
It comes in a hug not a cardboard box
Though everyone around is thinking me, me, me
The more you give, the happier you'll be!
The more you give, the happier you'll be!
